Ten Ten- Life to the full RSE and PSHE curriculum

Through our weekly PSHE and RSE lessons, the children learn important knowledge about social, moral, spiritual, vocational and cultural aspects of life. The children learn about how we are made in the image and likeness of God including the importance of valuing ourselves as the basis for personal relationships, strategies for developing healthy relationships and keeping safe both online and in their daily lives. This extends onto the children learning how they are called to love others in the wider community through service, dialogue and working for the common good. Children also learn how to live generously through their work on money and careers

- Online Safety Workshop

Purple Mash Computing Curriculum:

Through our Computing curriculum, the children learn about the 4 C's of online safety. This includes looking at not only the behaviour of others online, but looking at their own behaviours, and how our behaviours can both keep us safe, and have a positive effect on other users.

Pupil Groups:

- Digital Leader
- Junior PCSO's

SMSVC

St Francis Xavier Catholic Primary School

2024-2025

'Giving our pupils the knowledge skills and understanding they need to lead confident, healthy, independent lives and to become informed, active, responsible citizens.'

Core and foundation Curriculum:

Within our core and foundation curriculum areas, we make explicit links to the wider world and modern-day Britain, with focus on specific CST strands and the Fundamental British Values.

Gospel Values and Virtues:

These values and virtues are taken from the Jesuit Institute which is rooted in the teachings of St Ignatius. This Pupil Profile consists of 8 pairs of complementary words have been placed together. Each half term the whole school focuses on one pair of words; we spend time reflecting on the meaning of the words; how we see them in action in our lives and in the lives of others and how we can work to encapsulate these in our lives.
