T: Can I recognise the conditions  
Jesus was born into?

# What does it mean to be homeless?

- Why do you think they might be homeless?
- How might the life and teaching of Jesus inspire people to help these people?
- How would you help these people if you could?

Have a look on the link and look at all the different types of houses people can buy...

- What would you have in your ideal house?

### Task

Create a recipe for your perfect house.

How many rooms would it have?

How would you decorate it?

**Think about all of the things you would like in your ideal house.**

# Time for reflection...

Think about what we know about homeless people and refugees.

Think about how they live and where they live.

## Task

Bullet point a list of what accommodation is like for refugees  
(You can use research for this)

Then, make a bullet point list thinking about the stable that Joseph and Mary stopped in with Jesus.

What do you think could be similar and different about these places?

# Task

You are going to create a "For Sale" advertisement for the stable advertising its limited features.

Remember you are trying to sell it so you need to make it sound much nicer than it was.

e.g. It's open plan which allows for more space.

Reflection - Write a small prayer to pray for all of the homeless in our world.
