

## St Francis Xavier Catholic Primary School

### Sports Premium Action Plan 2015-2016

For the academic Year 2015-2016 we will receive £8900.

The PE and sport premium is designed to help primary schools improve the quality of the PE and sports activities they offer their pupils.

At St Francis Xavier, we have used our allocation to fund Miss Turton, sports coach, to increase pupil participation in school sports at lunchtime and after school and to support the quality teaching of P.E as set out below:

School Objectives	Success Criteria	Evaluation / Impact
To increase teacher's confidence in delivering high quality PE, particularly Gymnastics.	Improved teacher knowledge and skills. Improved teaching of PE across the school, evidenced from lesson observation, staff meetings and staff evaluations. Purchase of the new Rising Stars scheme of work to support NQT's and other staff.	Teachers upskilled impacting positively on pupil achievement and quality of teaching and learning, which will be at least good in all lessons. NQT's enjoyed using scheme of work as it gave them a focus for each of their session enabling the focus to be on the fundamental skills children need to enable them to compete at different sports.
To improve the health and fitness of children.	Increased participation in lunchtime and after school activities. Less pupils 'opting out' of curriculum lesson. Positive pupil feedback from questionnaires. Targeted children invited to join lunchtime 'fun club'	50% more children physically active at lunch times, with the playground being a hive of activity - leading to less behavioral incidents. Plus, due to more varied and engaging lessons no pupils have not been opting out of curriculum lessons. In addition, the sports coach has been actively encouraging targeted children to join in with different activities happening at lunch times.
Increase the number and type of competitive competitions children take part in.	Black Country Games events planned for the coming year. Increased numbers of children from KS1 and years 3 and 4 to attend events. Sports premium funding to be used to cover transport costs.	Participation levels at sporting competitions has increased with the school been represented at Tri-golf (yr3/4), tag-rugby, and cricket for the first time this year, with the view to build on this success next year. In addition, the school also participated in the football league (yr5/6), competed at multi-skills (KS1), athletics and cross-country.

<p>Develop inter-house sports competitions.</p>	<p>Increased numbers of children taking part in a range of organised competitive activities at lunchtime. KS1 children to begin to be involved in simple competitive events.</p>	<p>Weekly inter-house competitions in different sports (basketball, hockey, tag-rugby etc.) encouraged more students to be taking part in sport during their lunch, particularly in KS2. Alongside the sports coach, year 6 play-pals have been encouraging younger children to develop their basic skills with fun games, and educating them about sportsmanship and teamwork when playing sports competitively.</p>
