

Art

Task: To Design and make a Calendar for 2021 based on the theme of the 4 seasons.

What Are Seasons?

Recalling our work last term in science:

1. What are seasons?
2. What are the names of the seasons?
3. What happens in each of the seasons?
4. What is the weather like in each season?
5. Which season are we in at the moment? How do you know?

The Four Seasons

Autumn

Winter

Spring

Summer

The Four Seasons

Autumn

September

October

November

Spring

March

April

May

Winter

December

January

February

Summer

June

July

August

Task: To design and make a calendar for 2021 based on the 4 seasons.

1. Decide which template layout you want to use (portrait or landscape)

If you cannot print this off you can make your own by folding a sheet of paper into 4, to create the 4 boxes.

Spring	Summer
Autumn	Winter

Landscape

or

Spring	Summer
Autumn	Winter

Portrait

Things to consider:

What image (picture) will you create for each season?

What media/materials will you use?

e.g. drawing and colouring in pencil and crayons;
paint;
collage materials

Here are some pictures to give you some ideas.

When you have completed your 4 seasons pictures, print off the calendar dates sheet and attach to the bottom of your art work.
(Choose from portrait or landscape to match your chosen design)

You can then display it at home to use during the year.

I would love to see a picture of your finished art work.
Ask an adult if they can take a photo of it and email it to me via the class email address.

Have fun!
